

**STONE TYPE**

Granite

FINISH

Polished

ORIGIN

Andhra Pradesh, India

SIZES

12"x12"x3/8"

3/4" (2cm slab)

1-1/4" (3cm slab)

GEOLOGICAL ERA

Archean

(2500-3800 million years ago)

RECOMMENDED USES

Commercial & Residential

Interior & Exterior

Floor & Wall

Backsplashes

Countertops

Fireplaces

Tub Surrounds & Showers

Vanities

Tan Brown is quarried in a bedrock quarry near the town of Karimnagar in the state of Andhra Pradesh, India. The size of each block will be fairly consistent between shipments, but the quartz in the stone will vary at times. During the polishing process, an epoxy resin is applied to the surface of the stone to fill in any natural pits, cracks or fissures that may exist. This does not affect the durability, maintenance or beauty of the stone. It is possible for some of the more minute pits that are too small to effectively hold the resin, to reopen during other finishing stages. However, this will not detract from the overall quality or appearance of the stone. As a natural stone product it is recommended that it be sealed to extend its longevity.

This granite is also known as Copper Antique, Crystal Mahogany, or Cherry Brown.

NSF indicates this product conforms to the requirements of NSF/ANSI Standard 51, thereby meeting the health and sanitation requirements for materials used in areas of food preparation.

SIZE	PIECES/BOX	SF/BOX	UNITS/PALLET	SF/PALLET
12"x12"x3/8"	10	10	36 boxes	360
